Mission Grant Spotlight

Lutheran Blind Mission

“Opening Two (2) New Outreach Centers in Flint & Ann Arbor Michigan”

This \$10,000 grant will help fund the opening of two new outreach centers in Flint and Ann Arbor, Michigan, and to provide training for new outreach center directors.

In the United States there are 12 million blind and visually impaired people and 95% are unchurched. They are of all ages. Lutheran Blind Mission is LCMS World Mission's mission arm to reach blind and visually impaired people. It has reached out and served this group of people for over 80 years. The Lutheran Library for the Blind is North America's largest lending library of Braille, large type, and audio cassette Christian materials. Thousands of people are strengthened through the magazines and devotionals such as *Portals of Prayer*. Through Lutheran Blind Mission's outreach centers hundreds of blind and visually impaired people are helped and the Gospel is shared. Because most of the people served by Lutheran Blind Mission are living below the poverty level, all of our materials and services are provided at no cost. For more information on the web:
