

Directions for eyeglass case: Using clean, used men's ties and sewing $\frac{1}{4}$ inch seam

1. measure 12 inches from the tip *of large end.*
2. cut off and open seam
3. take out interfacing
4. with right sides together, fold in half lengthwise
5. sew the seam from the cut edge to just the start of the V
6. lay flat so the seam is in the middle
7. stitch across the flat (cutoff) edge
8. turn right side out and send to MOST ministries
